PROJECTS

- Github** 📍
A platform for version control and collaborative coding. I have uploaded all my project on GitHub to show my work.
- Final Year Project** 📍 06/2023 – present
Hire my room is an online hosted web based online platform that connects property owners to potential renters
This was my Final year project, and it is very close to my heart. I decided to take this project to the next level. I am really enjoying working on this project and making it successful.
